# Argus Pavement Technology Asia 2018

17-19 October 2018  
Pan Pacific Singapore

[www.argusmedia.com/pavement-technology-asia](http://www.argusmedia.com/pavement-technology-asia)

## Addressing what really matters to you

- Outlook of upcoming road and highway projects in Asia
- Role of nanotechnologies in emulsions
- Latest developments of Semi-Rigid Pavement (SRP) in Southeast Asia
- Growing use of rubber in roads
- How the self-driving car will affect the asphalt pavements and bitumen consumption?

### Featured Speakers

**Taufik Widjoyono**  
Chairman  
Indonesian Road  
Development Association

**Phyu Phyu**  
Deputy Director, Dept. of Highways  
Myanmar's Ministry of Construction

**Nazirah Ahmad**  
Head of Engineering &  
Product Design Unit, RRIM  
Experimental Station  
Malaysian Rubber Board

**S.K. Nirmal**  
Secretary General  
Indian Roads Congress

illuminating the markets

Market Reporting

Consulting

Events

17:00-19:00

Welcome reception (Open to all conference attendees)

## Conference Day One | 18 October | Thursday

08:30

Registration and coffee

09:10

Chairman's welcome remarks

Aabha Gandhi, Asia Editor, Argus Bitumen, Argus

**Opening session (Held together with Argus Bitumen Trading Asia 2018)**

09:15

Outlook of upcoming road and highway projects in Asia

1. India - S.K. Nirmal, Secretary General, Indian Roads Congress
2. Philippines - Maria Catalina E Cabral, Undersecretary for Planning and PPP, Department of Public Works and Highways\*

10:30-10:40: Q&A

10:40-11:20: Morning refreshments

11:20

Outlook of upcoming road and highway projects in Asia

4. Indonesia - Taufik Widjoyono, Chairman, Indonesian Road Development Association
5. Myanmar - Phyu Phyu, Deputy Director, Dept. of Highways, Ministry of Construction
6. Vietnam - Senior Representative, Ministry of Transport of Vietnam

12:20-12:30: Q&A

12:30-14:00: Networking lunch

**Emulsifiers in preservation and maintenance**

14:00

Chairman's welcome remarks

José Javier García Pardenilla, Managing Director of Ditecpesa Asphalt Products, Ferrovial

14:05

Role of nanotechnologies in emulsions in enhancing life of

bitumen mixes

Himanshu Agarwal, V.P – Intl Markets, Zydex Industries

14:25

Microsurfacing in pavement preservation

15:00

Solutions to road preservation – review of solutions and quality of materials

Filippo Montanelli, Technical Sales Manager, Iterchimica Srl  
Sergio Carrara, Export Area Manager, Matest S.p.A. Unipersonal

15:20-15:30: Q&A

15:30-16:00: Afternoon refreshments

**Modified bitumen mixtures**

16:00

Polymer modified asphalt mixtures: how to maximise their advantages and why do some polymer modified asphalt mixtures fail to meet expectations?

Iswandaru Widyatmoko, Technical Director, Pavement Engineering Team, AECOM

16:40

Growing use of rubber in roads – insights into Cuplump Modified Asphalt (CMA)

Nazirah Ahmad, Head of Engineering & Product Design Unit, RRIM Experimental Station, Malaysian Rubber Board

17:10-17:20: Q&A

17:20-17:30

Chairman's closing remarks

José Javier García Pardenilla, Managing Director of Ditecpesa Asphalt Products, Ferrovial

17:30

End of conference day one

18:00-20:00: Cocktail reception (open to all conference attendees)

## Get the competitive edge at Argus Pavement Technology Asia 2018

1. An event designed for producers of specialty bitumen and bitumen additives, road contractors and pavement researchers
2. Interactive discussion-based sessions to allow you to quiz the experts and share your own experience
3. Access to government officials who would be sharing the latest road and highway projects in Asia
4. Find new sales opportunities and increase your market share
5. Plenty of networking opportunities for you to develop your distribution line

09:30

Chairman's remarks

09:40

Polymer Latest developments of Semi-Rigid Pavement (SRP) in Southeast Asia

Wu Dong Qing, Managing Director / CEO, Chemilink Technologies

10:10

Foam stabilisers and emulsifiers

10:40-10:50: Q&A

10:50-11:20: Morning refreshments

### Looking ahead

11:20

Hot, warm and cold recycling

11:50

Reclaimed asphalt pavement mixtures (RAP)

12:20

How the self-driving car will affect the asphalt pavements and bitumen consumption?

José Javier García Pardenilla, Managing Director of Ditecpesa Asphalt Products, Ferrovial

12:40-12:50: Q&A

12:50-14:00: Networking lunch

14:00-14:15

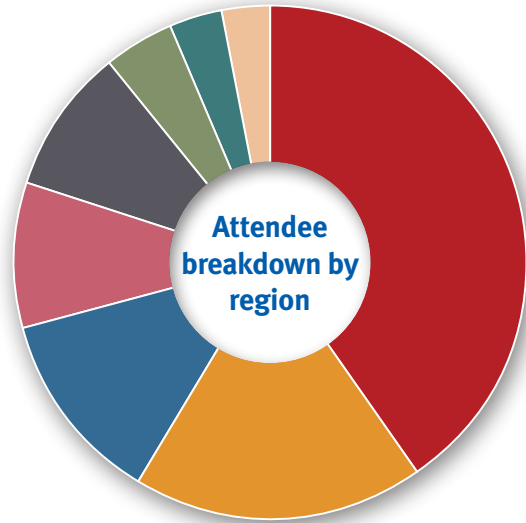

Chairman's closing remarks

14:15

End of conference

\*To be confirmed.

Please note that the conference programme is subject to change.

	Southeast Asia	57%
	East Asia (China, Japan, South Korea)	26%
	Europe	17%
	Oceania	13%
	Middle East	13%
	India	6%
	Others	5%
	North America	4%

## Event registration : Argus Pavement Technology Asia 2018

### DATES & VENUE

17-19 October 2018

Pan Pacific Singapore

7 Raffles Blvd, Singapore 039595

6336 8111

[www.panpacific.com/Singapore/Marina](http://www.panpacific.com/Singapore/Marina)

### STANDARD REGISTRATION FEE

US\$ 1500

#### \* Group discounts are available.

Please contact Kiara Zhong for more details ([kiara.zhong@argusmedia.com](mailto:kiara.zhong@argusmedia.com) / +65 6496 9926)
