Argus Middle East LPG

**CREATE CONNECTIONS.
BUILD BUSINESS.**

With global LPG demand continuing to grow, the Middle East is emerging as a crucial link in the supply chain.

Hear first-hand from key LPG suppliers and buyers

Explore the key drivers for LPG growth and understand the latest market activities that directly impact your business.

High-impact introductions

More than 8 hours of networking to help you build new business relationships and strengthen existing ones.

Build relationships and do business

Decision-makers are drawn from the entire LPG supply chain - ADNOC, ENOC, Oman Trading International, Reliance Industries Limited, Wanhua Chemicals, National Gas and Industrialization Company (GASCO), ENEOS Globe and more.

The leading meeting place for the Middle East LPG industry

Attendees by business activity:

- Regulators and government entities
- Storage companies
- PDH plants
- LPG suppliers
- Petrochemical companies
- Consultants
- Trading houses
- Refiners
- Industry associations
- Shipping and logistics companies
