

ARGUS Open Markets® for Sustainable Aviation Fuel in Europe

Post bids | Post offers

Initiate commodity deals | Track spot prices

The first real-time spot pricing platform for the European SAF market

Participate in the SAF market and monitor the price evolving in real-time with Argus Open Markets (AOM®). Now with a screen dedicated to spot SAF fob ARA, market participants are able to post bids, offers and initiate deals for SAF available in the European trading hub of Amsterdam, Rotterdam and Antwerp, the highest point of liquidity.

European SAF on AOM is a part of the existing trade initiation platform for European biofuels and sits with our leading industry coverage of HVO, UCO, and biodiesel.

NEWS & ANALYSIS
13:08 UK to advance 'green shipping corridors' London, 5 April (Argus) — The UK government started a £1.5mn (€1.7mn) bidding process to advance green international shipping routes connecting the country to the Netherlands, Norway, Denmark and Ireland. The initiative will fund studies from the latest round of the Clean Maritime Demonstration ...
12:58 Asia-Pacific biofuels: SE Asian feedstocks rise Singapore, 5 April (Argus) — Southeast Asian feedstock prices mostly moved higher on 5 April, supported by increases in European and Malaysian biodiesel prices, as well as local palm oil values during the week. More Asian flexibag used cooking oil (UCO) indications have emerged on a cif ...
4-Apr-2024 CMA CGM LNG bunker demand up 32pc in 2023 New York, 4 April (Argus) — France-based shipping company CMA CGM's total marine fuel demand shrank by 2pc in 2023, but its LNG bunker consumption was up by nearly a third as the company looked for cheaper alternative marine fuels. CMA CGM's vessels burned 7.92mn t of marine fuel in 2023, down from ...
4-Apr-2024 Shipper Wilhelmsen drops GHG emissions by 6pc in '23 New York, 4 April (Argus) — Norway-based ferry operator Wallenius Wilhelmsen reduced its shipping greenhouse gas (GHG) emissions by 6.2pc in 2023, reflecting lower marine fuel demand and substituting some of its conventional marine fuel demand with alternative marine fuels such as biofuel and LNG. ...

AOM for SAF fob ARA range will be available daily from 4pm to 4:30pm UK time. Bids, offers and trades are to be priced as a USD/m³ differential to the SAF-escalated 7-28 days Ice gasoil price.

The web-based electronic Argus Open Markets platform enables registered market participants to post bids, offers and initiate commodity deals in real-time on the spot market. The platform provides transparent market and price information for the spot value of the traded commodity. Market participants are able to see market developments unfold in real-time.

Dashboard

Markets covered

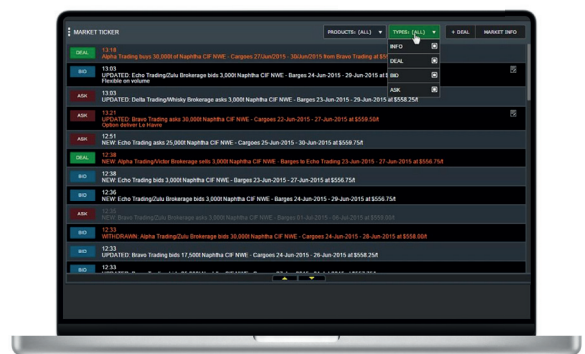

- European Sustainable aviation fuel
- European Biodiesel
- European Hydrotreated vegetable oil (HVO)
- European Used cooking oil (UCO)
- European Ethanol
- European Jet Fuel
- Asia Pacific Biofuels
- And more

Additional features

- Fit for purpose screen configuration to best reflect unique characteristics of different markets
- Allows for flexibility on qualities, terms, and timing
- Offers a comprehensive electronic audit trail
- Customizable live newsfeed for individual markets
